Recommendation for the Montessori Learning Center;
a beautiful beginning to your child's education.

Our daughter is five, she voted this year...for president of the United States. We watched as her class sang Louis Armstrong's "What a Wonderful World"...while signing it for the hearing impaired. She checks most things now for the recycling logo, she knows where Egypt is on the globe, and she recognizes Picasso's art.

For the past three years our daughter has been gently guided with patience, kindness and fairness by Ms. Brenda and all the loving teachers at Montessori Learning Center. She is extremely prepared for Kindergarten, and her spirit is prepared for LIFE.

We will always be grateful to Ms. Brenda and the other kind teachers for providing such a wonderful beginning to Sophie's education.

Thank you,
Maureen Euto
